# Quality lighting in style

Night, in the warm small room to turn the pages of my book and then gradually fallasleep, this kind of feelingts is also a kind of happiness

FC CE ETL RoHS

FeeL good, work better

Light affects the performance of our vision and plays a vital role in creating
a comfortable workspace.

Only with a correct lighting your eyes can work comfortably and free from
fatigue throughout the long hours of work.

This LED desk lamp is capable to reproduce high quality light that is closely
identical to natural daylight.

A comfort workspace matters, choose the right lighting for it.

Light isn't the only thing it gives

tLight E3 is more than a led desk lamp.

The built in, pioneering wifi function allows it to double as a wifi router.

Two USB sockets, unlimited power

tLight E3 Located at the front and back, the two USB sockets (Front 2.1A, Back 1.0A) allow tLlight E3 to charge mutiples devices at the same time

Power outage? Not a problem

tLight E3 can provide up to 8 hours of lighting with its built-in rechargeable battery.

It takes care for you devices too

tLight E3 is also an emergency power source for you to

charge your phones and devices

Patent No:

Simple, but extraordinary
