HIGH BAY

Industrial and commercial lighting

FOR
Warehouses / Gymnasium / Factories / Convention Halls

PRODUCT

24900-U

- Transparent PC reflector
- Input voltage: 120V, 270V AC
- Power consumption: Max 300W
- Socket: E26 or E39
- Standard wire length is 3 meters

24900-C

- Transparent PC reflector
- Input voltage: 220-240V AC
- Power consumption: Max 300W
- Socket: E27 or E40
- Standard wire length is 3 meters

PRODUCT

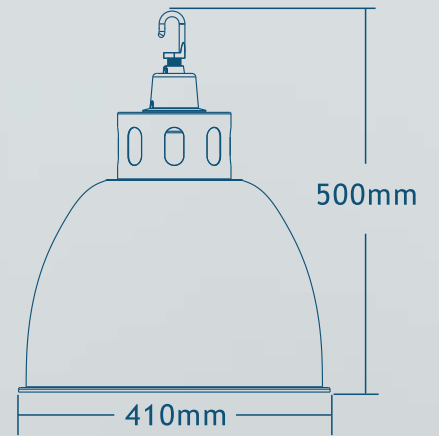

24901-U

- Aluminium
- Input voltage: 120V, 270V AC
- Power consumption: Max 300W
- Socket: E26 or E39
- Standard wire length is 3 meters

24901-C

- Aluminium
- Input voltage: 220-240V AC
- Power consumption: Max 300W
- Socket: E27 or E40
- Standard wire length is 3 meters

PRODUCT

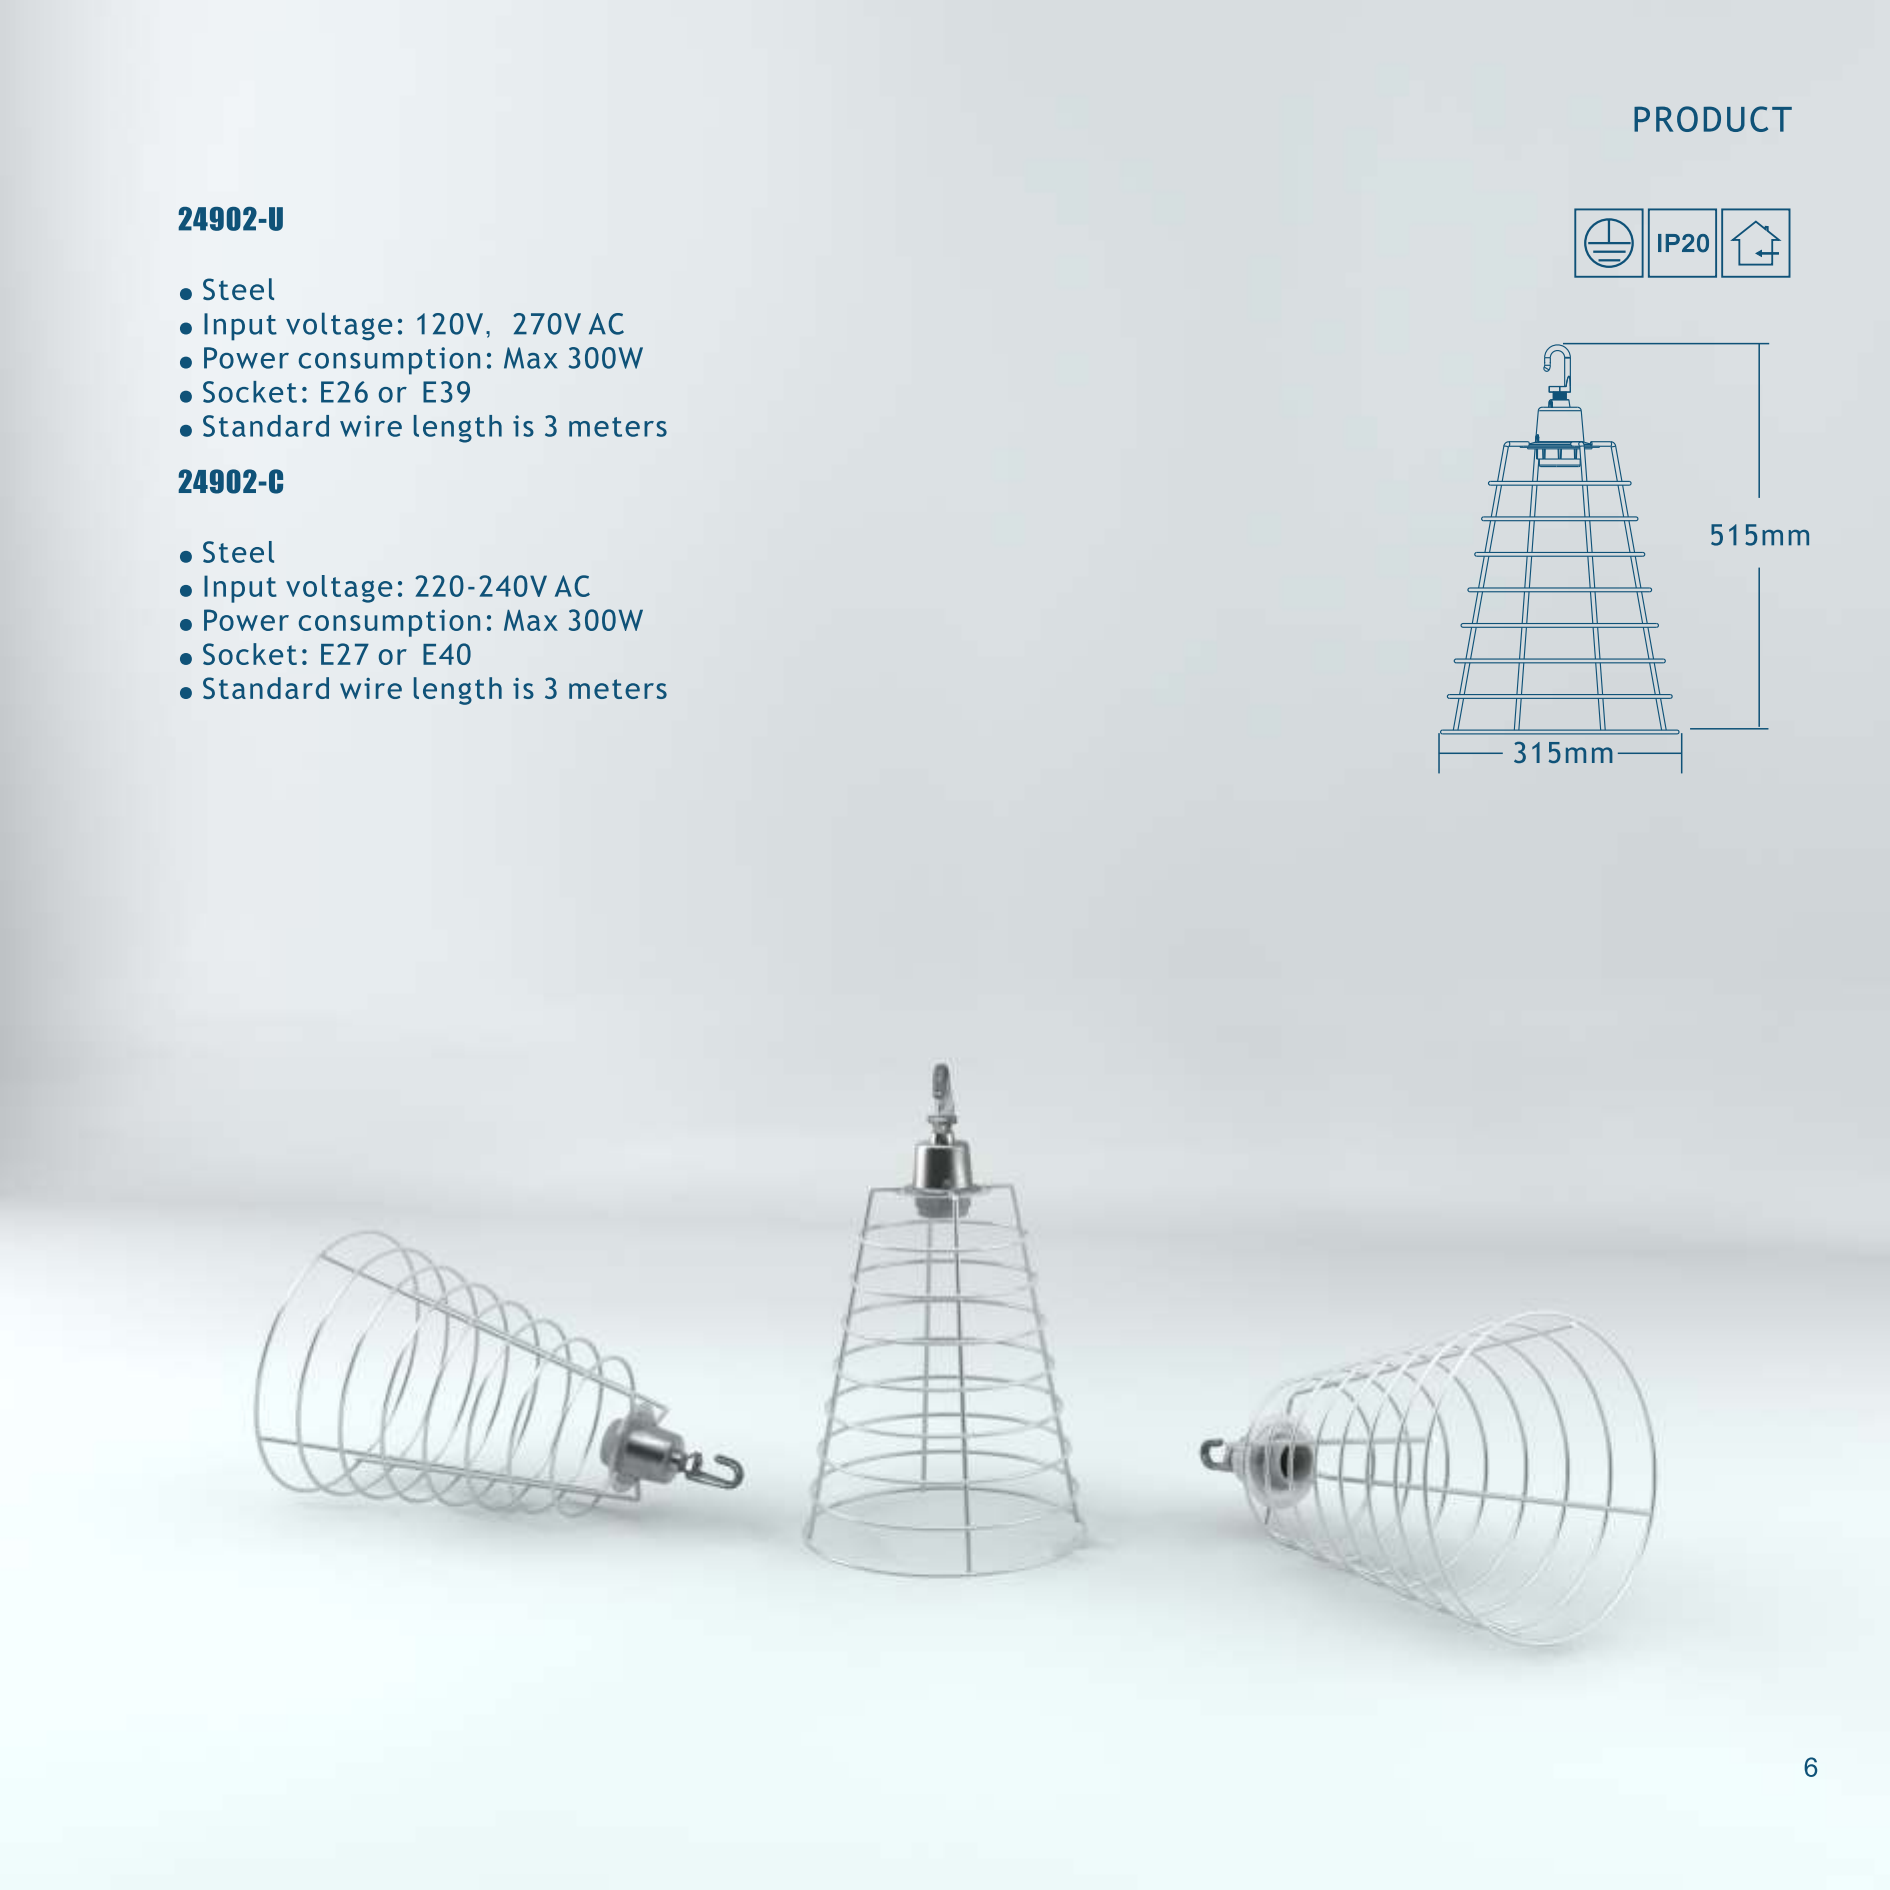

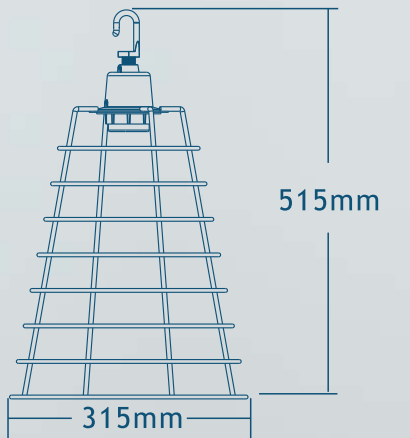

24902-U

- Steel
- Input voltage: 120V, 270V AC
- Power consumption: Max 300W
- Socket: E26 or E39
- Standard wire length is 3 meters

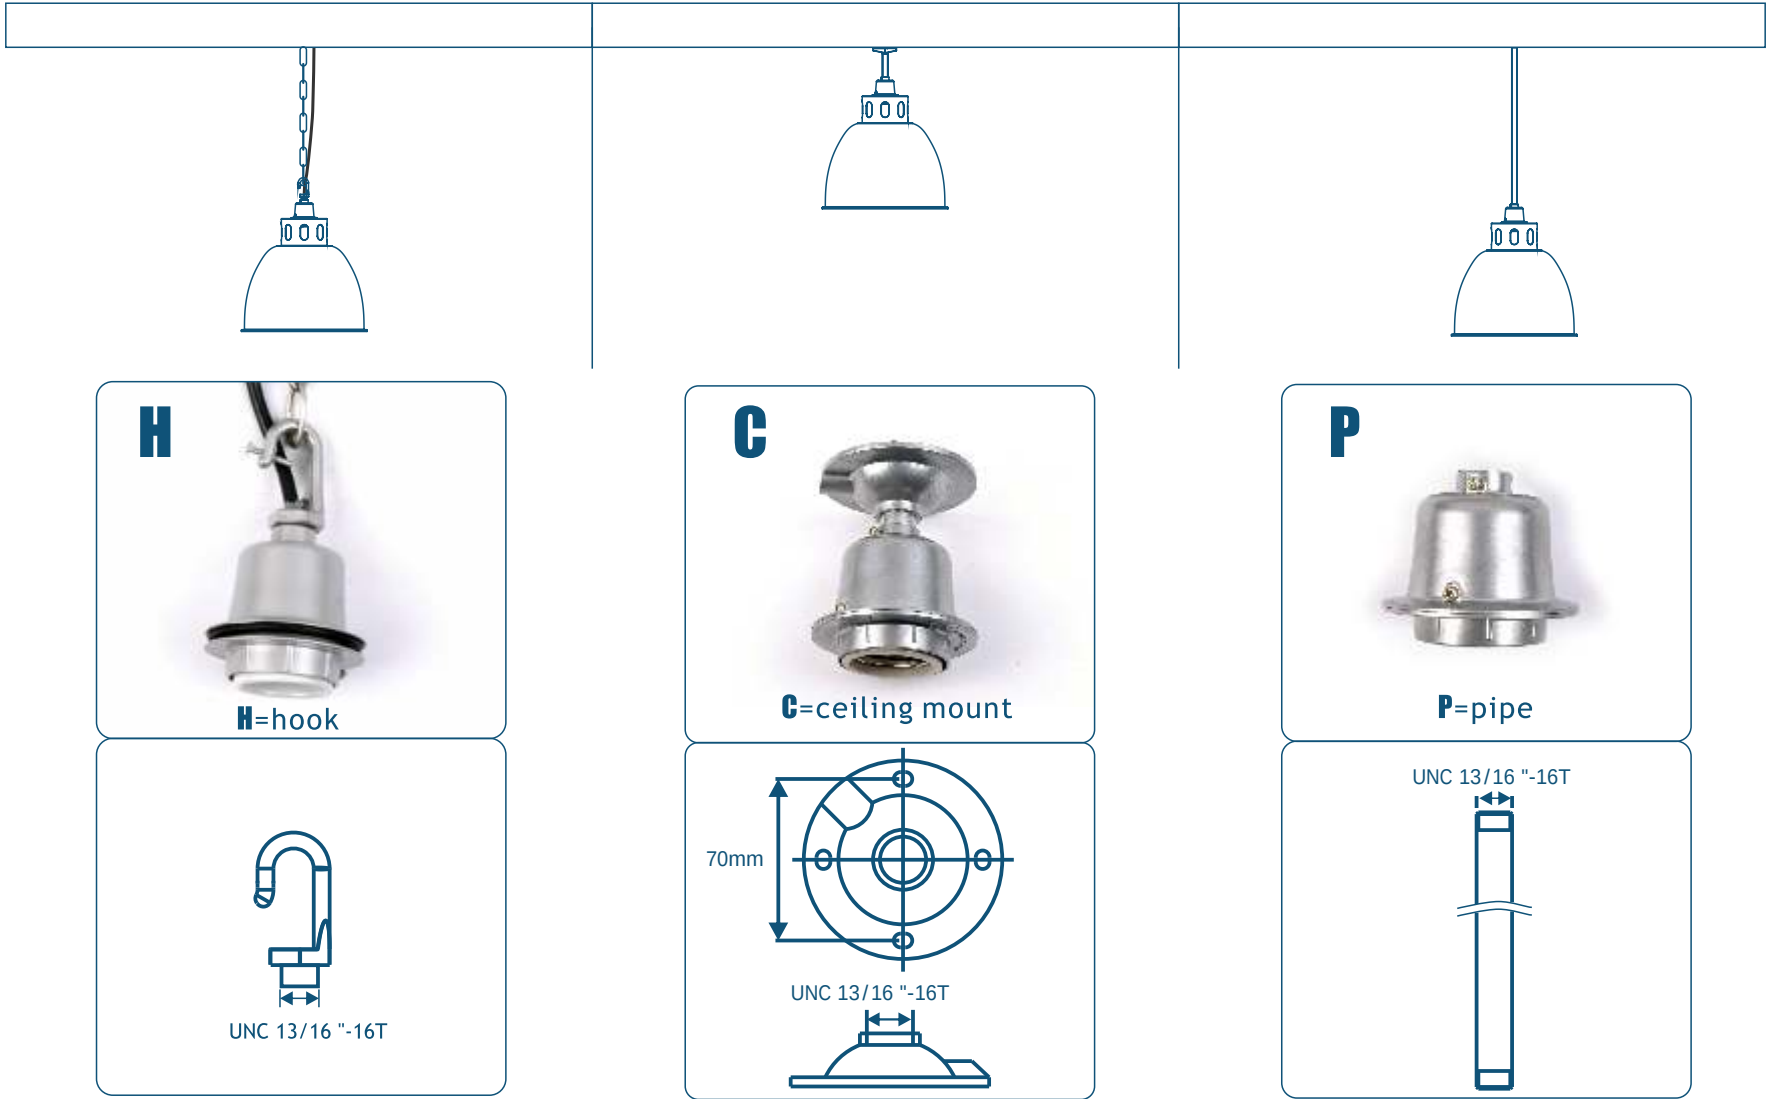

24902-C

- Steel
- Input voltage: 220-240V AC
- Power consumption: Max 300W
- Socket: E27 or E40
- Standard wire length is 3 meters

APPLICATIONS

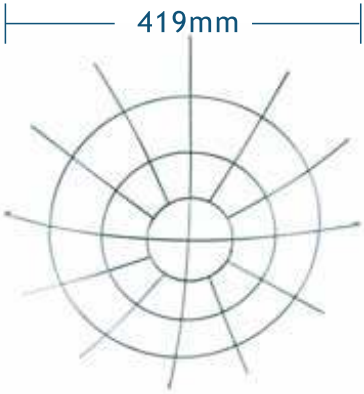

- Warehouses
- Gymnasiums
- Factories
- Convention Halls

ACCESSORIES

24901-2

- Wire Guard for HighBay Spun Steel Fixture

- Standard wire length is 3 meters

- Order # Example

24901-UHE26

24901-1

- Conical Lens for HighBay Acrylic Fixture

FOR

- Designed for high wattage self ballasted CFLs, Max. wattage, 300W
- No external ballast required
- Mogul socket
- Clear acrylic or spun aluminum
- Complete with hook and cord
- Available accessories include wire guard, acrylic lens and inner reflector
- 3 years warranty

24901-UHE26
